

# Designated Professionals

(as per Nova Scotia Department of Agriculture Fur Regulations)

## **Annapolis Technical Services**

**Glen Adams, P.Eng.**

Annapolis Royal, Nova Scotia  
P: 902-532-5068

## **Paul Buxton, P.Eng.**

Engineering Assessment • Waste Management Plans • Regulatory Approvals • Barns • Manure Storage • Composting • Monitoring Plans.

P: 902-638-3041  
C: 902-247-5747

E: pbuxton@eastlink.ca

## **Hiltz and Seamone**

Farm Layout • Buildings • Piping • Site Drainage • Manure Storage • Composting • Nutrient and Waste Management Plans

P: 902-678-2774  
F: 902-678-6990

E: hiltzsea@hiltzsea.ns.ca

## **Larry Honey, P.Eng, P.Ag.**

Structural Engineer and Agrologist;  
31 years experience in design/ operation of agricultural structures, barns, manure storage, on- site sewage systems, composting, manure management and land use applications, water management

## **Melanie Hobbs, P.Eng.**

Forest engineer; specializes in drainage, water and wastewater treatment; wetland assessments

## **Bob Rowe, P.Eng. M.PH**

Civil Engineer, 31 years experience in on-site sewage treatment and waste water facilities; identification, evaluation, risk assessment of new technologies in sewage treatment, wetland assessments

## **Stantec Consulting Ltd.**

Wetlands Engineering • Nutrient Management Planning • Pollution Control for Agricultural Systems.

## **James Simmons, P.Eng. FEC**

Dartmouth, Nova Scotia  
Senior Environmental Engineer  
Agricultural soils engineer, 30 years experience in watershed hydrology, runoff estimates and controls, erosion and sediment controls, and groundwater flow characterization.

P: 902-468-0401  
C: 902-456-8013

E: jim.simmons@stantec.com

## **Roger Leblanc, P.Eng.**

Antigonish, Nova Scotia  
Senior Civil Engineer  
Senior Civil Engineer experienced in Stormwater Management, Hydrology, Hydraulics, wastewater conveyance systems and related linear infrastructure, and onsite wastewater treatment systems including settling ponds, septage lagoons, and engineered wetlands.

P: 902-863-5805  
C: 902-565-5192

E: roger.leblanc@stantec.com

## **Strum Environmental**

**Lee Hynes, P.Eng.**

Ground and Surface Water Monitoring and Quality • Small Watershed Hydrology • Site Investigations for Various Contaminants • Remediation and/or Risk Management of Impacted Sites • Design and Implementation of Erosion/Sedimentation Control Plans

P: 902- 835-5560  
C: 902-476-6053

E: lhynes@strum.com

new ideas in food & agriculture

## Waste Management Resources

### South West Eco-Energy Ltd.

Collection of manure, waste feed, and other organic waste for composting in an Anaerobic Digester to produce renewable energy and other eco-friendly products.

#### **Max Barr, President**

P: 902-837-7112

E: max@southwestecoenergy.ca

#### **Rob Rhodenizer, Office Manager**

P: 902-837-5000

E: rob@southwestecoenergy.ca

### Spec Environmental

Collection of Waste Feed and Liquid Manure via Vacuum Tanker Truck • Dewatering and Treatment of Liquid Manure • Composting of Dry Manure, Carcasses, Pelting By-products and Mortalities

#### **Hubert LeBlanc, President**

P: 902-769-2777

C: 902-769-7733

E: hubert@specresources.ca

#### **Robert LeBlanc, Manager**

P: 902-769-2777

C: 902-778-0450

E: Robert@specresources.ca

#### **Mike Quinn, Research and Marketing**

P: 902-769-2777

E: mike@specresources.ca

## Other Resources

#### **Brent Jackson, M.Sc., P.Ag.**

NS Federation of Agriculture, Truro/Kentville  
NS Environmental Farm Planner; provides information about manure removal, composting, proper carcass disposal, water quality, manure analyses, and nutrient management plans  
P: 902- 893-6561  
C: 902-890-9021  
E: bjackson@nsfa-fane.ca

#### **David W. Kern, P. Ag.**

Environmental Planning and Design;  
Environmental Assessment; Agricultural Planning;  
Constructed Wetlands; Wetland Delineation  
P: 902-532-5693  
E: dkern.kff@ns.sympatico.ca

#### **Lise LeBlanc, M.Sc., CNMP, P. Ag.**

LP Consulting, Newport  
Nutrient Management plans; waste management  
P: 902-792-2636  
E: lise.leblanc@ns.sympatico.ca

#### **Gordon Price, Ph.D., P.Ag.**

Dalhousie University, Faculty of Agriculture,  
Bible Hill  
Environmental impact of contaminants from organic amendments; composting  
P: 902-896-2461  
C: 902-896-2037  
E: gprice@nsac.ca

#### **Erin Smith, Ph.D. P.Ag.**

Agriculture and Agri-Food Canada, Bible Hill  
Nutrient management related issues (i.e. runoff, storages, handling, removal/treatment, gas emissions); artificial wetlands  
P: 902-896-2810  
E: erin.smith@agr.gc.ca

## Perennia

### Bible Hill Office

P: 902-896-0277

F: 902-896-7299

#### **Amy Sangster, M.Sc., P. Ag**

Soil Scientist,  
Nutrient Management Plans  
E: asangster@perennia.ca

#### **Av Singh, Ph.D., P. Ag.**

Organic and Rural Infrastructure Specialist  
Composting, soil health  
E: asingh@perennia.ca

#### **Nancy Smith, M.Sc., P. Ag.**

Non-ruminant specialist  
E: nsmith@perennia.ca

### Kentville Office

P: 902-678-7722

F: 902-678-7266

#### **Jack van Roestel, M.Sc., P.Ag., CCA**

Agronomist,  
Nutrient Management Plans  
E: jvanroestal@perennia.ca

## Nova Scotia Department of Agriculture

#### **Laurie Cochrane, P.Eng., P.Ag.**

Bible Hill

Agricultural Engineer with experience in construction of manure systems;  
NS Fur Farm Regulations.  
P: 902-893-6568  
E: cochralm@gov.ns.ca

#### Agricultural Resource Coordinator

Mink ranch permits  
NS Fur Farm Regulations  
Cornwallis P: 902-638-2396  
Kentville P: 902-679-6006
