

May 4, 2021

The Nova Scotia Federation of Agriculture has developed a 'welcome' video for TFW's arriving this season (applicable for both agriculture and seafood) that will provide your workers with a brief overview of what to expect when they arrive in Nova Scotia, what their isolation will look like this year, and what the Nova Scotia Public Health guidelines are.

The videos have been uploaded to the Nova Scotia Federation of Agriculture YouTube channel, and are available in English and Spanish.

Please feel free to share with your workers prior to their arrival.
